Orange Beach, AL., (April 12, 2009) – Emerald Coast Coffee & Grille has opened its newest location at The Wharf in Orange Beach. The new coffee shop at The Wharf is located next to the Rave Theaters across from the ferris wheel. There is outside seating or customers can walk into a relaxing environment and enjoy one of Emerald Coast Coffee’s signature coffees or teas such as the White Chocolate Raspberry Truffle signature coffee. Visitors will find delicious, hand roasted coffee blends, exotic and rare teas, blended smoothies and a tasty, healthy gourmet food menu. Delectable menu items include healthy frittatas and on-demand baked goods for breakfast, soups, signature paninis and the most unique kebab-salads for lunch.

Emerald Coast Coffee & Grille at The Wharf offers free Wi-Fi and the cafe is open for breakfast, lunch and dinner seven days a week.

“Entering The Wharf was a natural move for us,” said Rocky Heinsz, Founding Partner in charge of Café Operations. “The locale has amazing potential with a combination of retail shopping, bars and restaurants. We have provided a great spot for guests to come in and enjoy our tasty beverages and healthy food menu. Our food is served quickly, but we’d love you to stay a while and meet Marko Stewart, our general manager and his friendly team.”

“We are very excited to have Emerald Coast Coffee & Grille join our community,” said Alex Baker, President and CEO of AIG Baker. “We believe that their client base, community-focused business model, healthy menu items and comfortable seating environment will be a great fit for The Wharf.”
